LETTER OF CONTINUING GUARANTEE: AIRFLOW VENTED FILM

Our raw material suppliers have certified that the resins used to make all WP Innova's AirFlow films with the exceptions listed above, meet FDA Food Additive Regulation 21 CFR 177.1520 par(c) 3.1. This regulation states that the polymer can be used in all food packaging applications, except holding food during cooking.

WP Innova hereby certifies that the films sold to the original buyers are not adulterated nor misbranded as outlined in section 409 of the United States Federal Food, Drug, and Cosmetic Act with the exception of the films noted above.

Please contact your sales representative if you have additional questions.

A handwritten signature in blue ink, appearing to read "Jyotin Raithatha".
